To the Hon. the Senate & House of Representatives
of the Commonwealth in the General Court assembled
The petition of the Subscribers inhabitants of the town
of Phillipston in the County of Worcester humbly sheweth
that in consequence of their local situation
being at the extreme Northerly part of said Phillipston
they are subjected to many inconveniences and disadvantages
which they would not be were their Immediate connexion
from said Phillipston to the Town of Royalston that
they live more than 5 3/4 Miles from the Meeting House
in said Phillipston whereat all the Town business
is done that we are more than one and a
half miles from our District School House
that there is but little travel on the road leading
from our places of dwelling to Phillipston
that during the winter season it is very
subject to be impassable, whereby it is rendered very
difficult for our children to get to School that
within the bounds of the Town of Royalston
and within one third of a mile of us there is a
flourishing village where there is well regulated
Society enjoying the advantages of religious
instruction & well conducted Schools that their
School House is only 5 1/2 rods from one of your
petitioners still nearer to the other there all our
common concerns of business and social ties
of neighborhood are mingled and associated
with the inhabitants of said village but with
the inhabitants of Phillipston generally we are
almost as much strangers as we should be
were they at a much greater distance from us
that about one third of the farm of one of
your petitioners lies within the bounds of Royalston
Wherefore your petitioners hereby pray
that their polls and estates may be set off from
the Town of Phillipston and annexed to the Town
the Town of Royalston which estates bounded

as follows Beginning at a stone monument on the South bank of Millers River about about two rods above the bridge thence running South 5° east on the line of Royalston & Phillipston & land of Charles Bruce 148 rods to a stake and stones a corner thence South 39° west on said Bruces land 89 rods thence north 88° east by land of Silas Stacy 52 rods to the road thence on said road north 5° east 8 rods & north 15° east 14 rods thence north 61° west on Silas Stacys land 115 rods the middle Millers River thence following the course of the middle of said River up to the place of beginning, and as in duty bound will ever pray
